You can see our features list here:Â

<http://nanacast.com/docs/features>

The main areas where our platform excels over other options are:

- » Better upsell and downsell funnel system. Â
- » More built in pricingÂ strategies.Â
- » More accurate affiliate tracking system-- tracked by both IP andÂ cookie.
- » Built in content delivery systems and out of the box integrationÂ with wordpress blogs.
- » Built in membership site content delivery andÂ member management.
- » Built in multiple content type membership creationÂ i.e. combine digital and physical.
- » Built in premium podcast and RSSÂ publishing.
- » Built in integration with several on demand print servicesÂ and more scheduling options for automated delivery.
- » Built in Amazon s3Â support and security.
- » Built in integration with top third party emailÂ list management and CRM services.
